Treasurer: Paul Langevin 813-600-8766
Secretary: Jim Cary 813-962-2062

Director: Terry McKenzie 352-588-4143
Director: Jack Taylor 813-625-8899
Safety Officer: Dennis Taylor 813-714-3800
Newsletter Editor: Dave Shaffer 727-432-2033

President's Corner

Mark Rosendale: clrmsr@juno.com

Can you believe that it's already June....where has the time gone. It is getting to be that time of year where the flying happens early in the morning and the thunderstorms roll through in the afternoon. People tend to hibernate indoors more than out and the flying field sees less air traffic. I know that I shouldn't have to remind you but I will, make sure that if you are out flying during the summer months you stay hydrated!!! And keep an eye out in the sky for those nasty thunderheads.

I am pleased to let everyone know that we are in the process of starting a club library that will contain magazines, books, plans, & DVD's related to our hobby and every club member will be able to borrow them on a monthly basis. Check out and check in of material will be done at the general meetings using your membership card. I encourage those who have some extra reading material that they do not need to get in touch with the library coordinator, Dave Hempel, or bring it to the next general meeting.

We also have a new policy in place that will benefit those who volunteer their time helping at the field or during club events. For every four hours of approved volunteer time, you will receive a voucher worth \$5 towards the following year's dues. You will be able to apply up to a total of \$25 worth of vouchers towards your next year's dues.

And last but certainly not least, I would like to thank all of those club members who helped with the recent Boy Scout outing on May 17th. A SPECIAL THANKS goes out to Dick Scott for taking the helm of "first pilot" for the entire day with his great electric Telemaster, that's more flight time then I get in a month. Thanks Santa, you are a hero!!! This was the second scout troop that we have given the chance to join us and learn more about this great hobby and aviation in general. If anyone out there knows of any group of young people that might want to learn about what we do, please let me know and we can make arrangements to give them a "hands on" learning session. What a great way to inspire the youth and get them involved in aviation.

Well the runway is looking good and after all the recent rain has really filled in well. We do have some more grass seed that we will be spreading in the near future over any thin or bare spots, now all we need are some R/C crop dusters to do the watering.....

Just a reminder that the next general meeting will be held on June 13th and I certainly hope to see all of you there.

TSF & Have Fun

May Meeting Headlines

Mark Rosendale

The general meeting was held on May 16th and we had a fair showing with 21 people attending. The following topics were discussed.

I will continue to remind everyone that we are looking for members to submit articles. They can be anything R/C or aviation related. Whether it be a "how to" article or just a great personal story, Dave Shaffer would like to get it in print. The newsletter will continue to be mailed out to those who request a hard copy however, it was decided by the board that those mailed copies would be condensed and contain only the vital club news (the deleted items will be primarily photo's). A couple of full print copies would be left at the flying field for those that want to see the entire newsletter.

It was also decided by the board that there is no valid need to provide electricity to the field as previously requested. This proposal has been cancelled completely.

The new policy number 7 was voted on and passed into existence. This will allow members to be reimbursed for board approved volunteer work that is done at the field. Please make sure you check out a copy located in the policy book at the field.

We will be having a swap meet this August. Randy Leapley will be the coordinator for this event, details will be forthcoming.

And lastly, we have found a volunteer to create and run a club library. Dave Hempel will be gathering books, magazines, and DVD's for the library. If you have any materials that you would like to donate to the club library (including building plans), please contact Dave @ 813-788-6616 or bring them to the next general meeting on June 13th

Current Board Approved Policies of the Zephyrhills Can-AM Flyers

Policy No.1 Membership and Dues

Policy No.2 Field Rules

Policy No. 3 Flight Qualification

Policy No 4. Guests and Visitors

Policy No. 5 Officials' Spending Limits

Policy No. 6. Notice Board

Policy No. 7 Work For Dues

When did you last read the Can-Am club policies?

Welcome Package, Part 2

<http://www.can-amflyers.com/Welcome Pack Part 2.pdf>

There are eight flight maneuvers listed in this section of the Welcome Package:

Stall Turn	Inside Loop
Top Hat	Split 'S'
Cuban Eight	Immelman Turn
Slow Roll	Horizontal Roll

How many of these (some of them competition class maneuvers) do you know?

Flight Instructors

Trigg Fortner	813-715-7133
Dick Scott	813-779-4091
Bob Svetovich	352-567-1282
Randy Leapley	813-277-6862
Frank Losee	352-567-2567

With so many members, it is easy to lose track of who is where at what time. Thus, some members don't get club information passed on to them. If anything has changed concerning your contact information, please take the time to fill out the following form and give it to one of the Board members as soon as you can.

First Name: _____ MI: _____ Last Name: _____

Address Line 1: _____

Address Line 2: _____

City: _____ State/Province: _____ Postal Code: _____

Phone: _____ eMail: _____

Other members at this address:

Name: _____ eMail: _____

Take-offs are optional, landings are mandatory.

**Preflight checks can help save you the pain of a bad landing.
Would anyone like to contribute an article on preflight checks?**

Still waiting ...

Frank presenting Paul With His Wings

Early rotation + steep climb = no lift = loss of control. Which leads to being in the wrong place ... BTD.
